# Welcome

Dear Friends and Fellow Outdoor Supporters,

Welcome and thank you for supporting the second annual Heartland DSC Banquet!

Heartland DSC is excited to state that during the last year we were able to successfully pursue our mission of “Getting Youth Outdoors” by exposing kids to hunting and fishing that may have not otherwise had the opportunity.

Highlights of the past year included a youth fishing tournament, certification of new young hunters during our hunter education course, a youth shooting clinic and Heartland DSC sponsored youth hunts. For many of the young participants it was their first time doing these types of activities.

We took a large step in providing hunting opportunities for young people by securing exclusive access to a tract of land teeming with deer and turkey. This provides us the ability to offer youth hunting in a well-controlled environment. While our efforts are focused on all youth, we are putting a special emphasis on introducing outdoor activities to those youth that may not otherwise have the opportunity due to disabilities, lack of accessibility, or other life circumstances.

We have worked hard to attract outstanding auction items from reputable outfitters and donors who have graciously donated to the organization’s mission. Heartland DSC encourages you to place your bids with confidence and in the spirit of providing the funds necessary to further the organization’s objectives while obtaining goods and services for your enjoyment.

Again, thank you for your support and have a wonderful evening!

# About Heartland DSC

Heartland DSC is the local chapter of Dallas Safari Club (DSC) with members throughout Iowa and Nebraska. Heartland DSC was formed by a group of local individuals that would rather spend their time hunting, fishing, or generally enjoying the outdoors rather than virtually anything else. Building on the foundation principles of DSC, Heartland DSC is focusing these efforts with the primary goal of **“GETTING YOUTH OUTDOORS.”**

While there are many very worthy outdoor organizations that encompass youth activities as part of their overall mission, Heartland DSC has identified youth as our primary mission. We realize that if hunting, fishing and other outdoor activities are to remain a viable part of our society, it will be the youth that preserve them into the future. We will work towards this goal by educating them on the benefits of embracing the outdoors by introducing them to all the outdoors has to offer.

It will be these next generations that will become voting citizens and determine the future of outdoor activities, wildlife and wild places.

Heartland DSC encompasses the entire states of Iowa and Nebraska and focuses its outdoor activities to those common to this part of the country. The chapter offers sportsmen and sportswomen an avenue to come together in a variety of events ranging from social outings, fund raising and educational events.

# 2018 Youth Events

In pursuit of our goal of “GETTING YOUTH OUTDOORS” Heartland DSC held several events in 2018 supporting our mission. These events were designed with the goal of introducing young boys and girls to the outdoors and educating them on outdoor skills.

## 2018 Youth Fishing Tournament

Youth spent the day fishing either with rod and reel or trying their luck at bow fishing. For many this was a first-time experience.

## 2018 Summer Event

While a great event for the adults, our summer event always includes the kids giving them the chance to try their luck at fishing.

## 2018 Hunter Education Course

Heartland DSC conducted a certified Firearm Hunter Education Course putting youth on the path to becoming hunters.

## 2018 Youth Shooting Clinic

Heartland DSC shooting instructors held a shooting clinic providing young boys and girls the opportunity to shoot for the first time.

# 2018 Youth Hunts

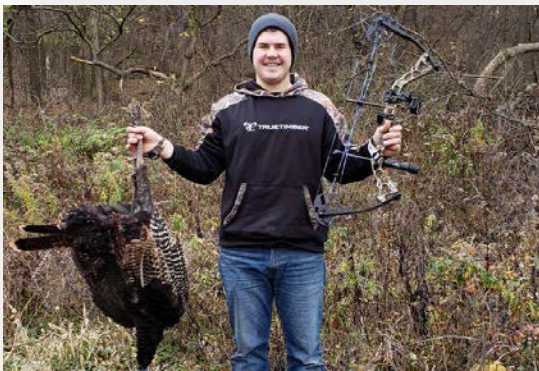

In 2018 Heartland DSC arranged hunts for young boys and girls. For most, this was their first experience spending time outdoors hunting. These hunts were focused on special needs hunts and providing the opportunity to kids that otherwise would not have the opportunity. Here are a few of our happy hunters ....

Alex sighting in the rifle before her first deer hunt

Alex catches a nice bass between hunts

Alek starts the hunt with his first turkey with a bow

Alek ends the hunt with an impressive buck

Riley couldn't be prouder of his first deer

Britton is hunting for the first time

## 3-DAY KANSAS YOUTH DEER HUNT

Three-day guided youth hunt during the Kansas firearm youth season taking place on 30,000 acres in the Republican River Valley of Kansas. This outfitter has obtained the best properties in their area to ensure a quality hunt. The area has been strictly managed and consistently produces monster Whitetails.

They utilize a management plan that requires a 140" minimum for a deer to be harvested. With this plan and low hunting pressure the deer live to be harvested at their prime age. This method has developed a mature herd, having bucks over 200" taken and numerous 200" bucks seen every year.

While not in the field hunting, sit back in the newly built lodge and enjoy fabulous meals.

Includes the following:

- Lodging and three meals per day
- Guide services
- Pre-scouted deer stands
- Retrieval of downed animal
- Cold storage of harvested animal
- Transportation from lodge to hunting area

Please Note: Trip to be taken during the 2019 Kansas Youth deer season, September 8-10. To maintain a high-quality herd, they have a 140" minimum (should a hunter decide to take a deer less than 140" a \$1,000 penalty charge will be due). Contact the outfitter as soon as possible to confirm dates. Does not include hunting license or gratuities. Additional hunters can be added at price list rates. ## ITEM 004 - SUPPORTING A SPECIAL CAUSE

The purchase of Auction Item 004 not only provides the buyer with a fabulous opportunity to experience a trip of a lifetime, it also gives them the satisfaction of knowing that proceeds from this purchase will go to support a very special cause.

Not just a tag line, our goal of "GETTING YOUTH OUTDOORS" is focused on ALL youth. We don't want to ever have to say, "Sorry, we can't take your child, grandchild or neighbor outdoors because it is too muddy, or the snow is too deep, and we have no way to get them to a blind, or across a field, or to a pond to go fishing". For this reason, one of our highest priorities is to raise the funds to obtain at least one \$20,000 Action Trackchair. Then we will never have to say no to you or a disabled youth.

Once we have achieved this goal, we will reach out to other hunting, fishing and outdoor organizations to make it available to them allowing even more youth to get outdoors. This is a win-win! This lets every kid that wants to experience the outdoors do so and all of us, no matter what organization we belong to, all work together securing our future in the outdoors by "GETTING YOUTH OUTDOORS."

## 5-DAY SUMMER ATLANTIC WALRUS HUNT

This outfitter pioneered Walrus hunting in Nunavut by conducting the first ever non-resident and non-aboriginal hunt in 1995. The summer Walrus Hunt period is truly a spectacular time to experience the Canadian Arctic. The hunts are conducted along the floe edge where open sea meets the frozen sea. It is a dramatic and dynamic ecosystem that has huge chunks of broken ice constantly shifting and moving with the wind, ocean currents and tides. Aided by their ivory tusks, the Walrus lift themselves onto the floe to rest.

Numerous walrus taken with this outfitter have been entered into the record books with many in the top ten list. This is a hunt suited for non-hunting observers interested in photographic opportunities, Inuit Culture and the Arctic way of life.

Includes the following:

- Guide serve 1x2 (2 guides per hunter)
- Hunt is conducted over a five-day period to factor in possible bad weather caused by high winds or fog
- Motorized boat including gas and oil
- All meals while hunting
- Personal floatation suit while out on boat
- Extraction of tusks and baculum bone
- A federal Marine Mammal Export License (MMTL) and a Nunavut Wildlife Export Permit

Please Note: Schedule this hunt with the outfitter for open dates in July or early August 2019 or 2020. Hotel accommodations and meals are not included (staying at the community hotel for the hunt is mandatory). This is a walrus hunt, hunting of seals during or after a walrus hunt may be possible at the guide's discretion and arranged by the client with his guides. A \$5 CAD seal license is required to hunt seals. A non-hunting observer can be added for \$3,850 USD. Airfare is not included. Not included are hunting licenses (\$5 CAD), Canadian firearms import license (\$25 CAD), general administration fee (\$150 USD), arctic flight booking fee (\$170 USD includes a one-time itinerary change), arctic wildlife research fund (\$250 USD), packing and shipping, and gratuities. For clients unable to bring Atlantic walrus tusks and capes home due to regulations such as the US Marine Mammal Protection Act, trophy replicas can be made by any one of our recommended taxidermists.
